- ① I have avoided the "why" question rather "What are the implications of."
- ② Intent or focus of research is based upon venturing beyond the obvious
- ③ Avoiding the experiment effect
- ④ Education ~~secretary~~ as herd.
- industry, tertiary, vocational, armed forces, community services etc.
- ⑤ - Framework of engagement where I elicit by imitation
.....not as an interventionist moderator.

Instructions.

- ① avoid being obtuse
- ② invite your comments ... and answer all questions with "that's a good question" ~~motivation~~ and add them to an open bank of thousands of others being interacted with at present.

 - 5 points of reflection
 - the right question
 - venturing beyond the obvious
 - avoiding the experiment effect
 - herd as "home" → tribe, group, individual
 - my role as a team member as researcher.
 - / recruiter.
